On the first of June the work of taking the Census commences. It is desirable that it be taken with great accuracy, and to enable the Assistant Marshals who will be engaged in the performance of this duty to have their work well done, it has been suggested that the publication of the qustions necessary for all heads of families to answer, would be of great benefit. By this course the requirenents of the law will become known, and the answers can be written down and be ready for the Marshal when he calls, thus saving time and securing accuracy. With this view we have obtained the following list of the questions to be answered, and if the Press of the ics, No. 5 1-2 State of all parties will publish it, we think the population and resources of Ohio will make much better appearance than they otherwise would. To write down an answer to these questions will only occupy a short time, and having his household about him to aid and assist, the head of the family will be able to make a much more correct statement than would be the case in a hurried interview with an officer.

In the first place, it is necessary to write down the name of every person whose usual place of abode on the first day of June, 1860, was in the family:

The age of each, sex and color, whether white, black or mulatto. Profession, occupation or trade of each Male person over 15 years of age. Value of Real Estate owned. Place of birth, naming the State, Territory or

country. Married within the year. Attended school within the year. Persons over 20 years of age that cannot

read or write. Whether deaf and dumb, blind, insane, idiotic, pauper or convict. Name of owner, agent or manager of the farm Number of improved acres. Number of unimproved acres.

Cash value of farm. Value of farming implements and machinery. Live stock on hand June 1st, 1860, viz.: number of Horses, Mules and Asses, working Oxen, Milch Cows, and other cattle, Sheep Value of live stock.

Value of animals slaughtered during the year Produce during the year ending June 1st, 1860, viz.: number bushels of Wheat, Rye, In-dian Corn, Oats, Beans and Peas, Buckwheat, Barley, Irish Potatoes, Sweet Pota-Value of Orchard products in dollars.

fallons of Wine, value of Produce of Market Garden, pounds of Butter, pounds of Cheese, tons of Hay, bushels of Cloverseed, and bushels of Grass Seeds, pounds of Hops, pounds of Flax, bushels of Flax Seed, pounds of Maple Sugar, gallons of Molasses, pounds of Honey and Beeswax, value of home made manufactures.

Name of Corporation, Company or individual producing articles to the annual value of \$500.

Name of business, manufacture or product. Capital invested in real estate and personal estate in the business. Raw material used, including fuel, viz: quantities, kinds, values, kind of motive power,

machinery, structure or resource.

average number of hands employed, vis: Male, Female, average monthly cost of Male labor, average monthly cost of Female

Annual product, viz: quantities, kinds, val-

Name of every person who died during the year ending June 1, 1860, whose usual place of abode was in the family, the age, sex and color, whether white, black or mulatto, married or widowed, place of birth, naming the State, Territory or Country, the month in which the person died, pro-fession, occupation or trade, disease or cause of death.

In addition to these there are a number of other questions, the answers to which can be obtained however, with little trouble. It is hoped that every person who sees this request will before the 1st day of June, make out the answers, and in case of absence, leave it with the family ready for the officer when he

makes his appearance. We have been requested to say that by the act of Congress "providing for the taking of the seventh and subsequent Census of the United States, and to fix the number of the DRESS TRIMMINGS. Calland rections, at Morgan & ROOTS. members of the House of Representatives," &c., approved May 23d, 1850, provides (section 17) " that the Marshals and their assistants are hereby authorized to transmit through the Post Office any papers or documents relating to the Census, by writing thereon 'Official business—Census,' and subscribing the same, with the addition to his name of Marshal or Assistant, as the case
